Phil,

I am so sorry for the delay in reporting. Thank you for all your support and your participation during July 4. I just spoke with Susan. She has been all over the country the last few months visiting bases and hospitals. She told me that we raised 5983 dollars over the July 4th weekend. Thank you so much for enabling AHOF to raise this sum. It went to provide much needed family and direct support.

I will try to inventory the remaining wristbands and dogtags and let you know what we have left and get them to you. I should be able to do this by the middle of next week.

Talk (or write) to you soon,

Andrew
