Dear Phil:

Thanks again for your kind generosity, support, and advertisement of the BSU Army ROTC program. We had about 100 cadets and dates for the evening. It was a grand time and your glasses are the perfect beer drinking glasses – although we could not drink beer on campus at this occasion, I know the glasses have since been filled with some wonderful microbrews!

If you can ever fit it into your schedule I would love to show you around and introduce you to our next group of Second Lieutenants. It looks like we will commission about 19 next year – if they keep their focus on grades. We are expanding our program to Indiana Wesleyan University as well as Indiana University Purdue University Fort Wayne once approved by BSU.

Again – your service and support to our nation is exemplary –
THANK YOU for serving!

Sincerely,

LTC Lee Baker
