June 12, 2006

Dear Phil & Team,

We are thrilled you have participated as an enthusiastic and generous donor for the 2006 Fisher House Foundation Benefit. It is companies and individuals like you who gave their valuable time and significant contributions for the cause who made this fund-raiser a success.

To our delight, the majority of attendees on May 10 expressed gratitude for the fantastic roster of eloquent speakers who educated and enlightened them about the remarkable Fisher House Foundation and its humanitarian mission that assists so many military families in crisis. This kind of breakthrough was important for creating wider-spread awareness of the Fisher House Foundation and its programs.

We used your Defending Freedom wristbands as favors and they were a big hit. Many high schoolers are now wearing them in support of our troops. Also, some local VFWs will be selling the wristbands in support of the troops and our drive for Fisher Houses for Illinois. It may take some time, but we hope to sell as many as possible so we can transmit the funds to Fisher House Foundation. We'll keep you posted on our progress. We can never find enough words to express our appreciation for your kind of active support with the tough work of fund-raising.

We are excited by the plan for two Fisher Houses for Illinois announced at the Benefit because it should make it easier to rally an even more productive response in local contributions and press in the future.

With heartfelt thanks,

Sam Lazich  
President

Bill Anderson  
Exec. Vice Pres.
